

KAI-MING FU, MD, PHD

Associate Professor of Neurosurgery, Weill Cornell Medicine Neurological Surgery Co-Director, Spinal Deformity and Scoliosis Program

Phone: 212-746-2260 Fax: 212-746-8387

SURGICAL SPECIALTIES & CLINICAL EXPERTISE

Spinal Neurosurgery
Endoscopic Spine Surgery
Benign Tumor of Spinal Cord
Malignant Tumor of Spinal Cord
Spinal Stenosis

Degenerative Cervical Spinal Stenosis

Cervical Spinal Stenosis Lumbar Disc Herniation Herniated Lumbar Intervertebral Disc

Herniated Cervical Disc
MIS Sacroiliac Joint Fusion
Endoscopic Carpal Tunnel

Dr. Fu is an award-winning, board-certified Weill Cornell Medicine neurosurgeon. As part of Och Spine at NewYork-Presbyterian he practices among an elite group of leading spine surgeons. Dr. Fu combines surgical expertise with advanced training in state-of-the-art techniques to provide patients with effective, minimally invasive treatments for conditions of the spine. Dr. Fu specializes in scoliosis, disc herniation, spinal stenosis, and tumors of the spinal cord. He is widely published and has presented lectures on his research internationally.

TRAINING

Dr. Fu obtained his undergraduate degrees from Stanford University and his medical and graduate training in the MD/PhD program at Albert Einstein College of Medicine. After completing his residency and chief residency in neurosurgery at the University of Virginia, Dr. Fu completed a combined neurosurgical/orthopedic spine fellowship at the University of Virginia under Dr. Christopher Shaffrey, where he received advanced training in deformity, reconstructive, and oncological spine surgery.

RESEARCH & PUBLICATIONS

Dr. Fu combines his clinical interests in deformity, reconstructive, revision, and tumor surgery with active research in clinical outcomes. His work has been presented at multiple national and international meetings and been published in journals such as *Spine, Journal of Neurosurgery, Neurosurgery, Journal of Neurophysiology,* and *Journal of Neuroscience*. He has been nominated for and won multiple awards at meetings such as the Scoliosis Research Society Annual Meeting and the Annual Meeting of the American Association of Neurological Surgeons. His work has been featured in *Spinal News* and *Orthopedics Today*.
